

SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, JAN. 25, 1906.

NO. 4

## EDITORS MEET.

Seventy-Five Delegates Present  
at Mid-Winter Session of  
Press Association.

ENTERTAINED BY  
COMMERCIAL CLUB.

Frankfort, Ky., Jan. 22.—Members of the Legislature are today walking the chalk line and repeating, lest they forget: "The editors will get you if you don't watch out." And they will, too, for there are enough of them, and they seem to have taken the town. In fact, the "Fourth Estate" is "it" today, the General Assembly having taken a back seat for the time being. The men who wield the pen or pound the typewriter, as the case may be, are the whole show, and their meeting, which was called to order about noon, has proved the center of attraction. There are about seventy-five delegates on hand, not counting their "sisters and their cousins and their aunts," and they have settled down to business with a vengeance, the program which was prepared some time ago being carried out in detail.

The feature of the entire meeting has been reserved until tonight, when Mr. A. Y. Ford and Mr. Vischer will make addresses which will be heard not only by the members of the association, but by many of the legislators and by the people of Frankfort.

After the business of the day is concluded the delegates will be given a trolley ride to the new Capitol site, while the Commercial Club has arranged to give a buffet luncheon in honor of the distinguished guests.

A few of the members of the association arrived last night, but the greater part did not get in until this morning, when things began to take on a busy air and the hotel corridors resembled the busy scenes of the early part of this month.

It was some time after noon before the association got down to real business owing to the fact that the delegates were engaged in shaking hands with members of the Legislature and with each other. Owing to illness, Mr. Lew B. Brown, who was to speak on "Needed Legislation on Advertising," could not be present. Among those who spoke were John D. Babcock, of Cloverport, whose subject was "Foreign Printed Supplements"; Mr. P. C. Johnson of Frankfort, who made an address on "Moving Pen Gathers Much Ink"; James H. Ends, of Harlan, who discussed "Newspaper Development in the Mountains," and Mr. A. D. Miller, who spoke on "The Value of District Associations."

In addition to the regular program a number of informal addresses were made.

### The Kentucky Legislature.

The members of the Kentucky legislature are filing bills by the hundreds. There are probably not a half dozen representatives and senators in the Kentucky General Assembly who have not now at least a dozen proffered measures each pending. When these bills are submitted to their respective committees, unless 90 percent are rejected and then half of the remainder killed in the House, we will have enough new measures to reverse all the former laws. The bills that are now drawing the attention of the public are for additional capital appropriations and several anti-cigarette bills and the "anti-lobby" bill. Other measures, of less importance, probably, are too numerous to mention.

### SCHOOL NOTES.

WRITTEN BY A PUPIL.

Our school had a very interesting exercise Friday morning. After the usual songs and prayer each pupil responded to the roll call with a "memory gem."

Little Miss Artie Whitfield entered school Monday morning.

The pupils are doing some hard studying, preparing for the bimonthly examination, which will take place the last of this week.

There were two new scholars added to the eight grade this week, Miss Rebecca Hobgood, of Nebo, and Kemp Stanley, of the country.

The deportment is much improved since the Honor Roll went into effect.

Boys and girls, did you ever stop to think how pleasant you might make it for new pupils just entering your school? Is it not just as easy to be kind and polite as it is to ridicule every little mistake made by them?

### GOING TO WASHINGTON.

Officers of State Guard Will Help Procure Appropriations for State Militia.

Col. Jonett Henry, of the 3rd, Reg. K. S. G., Hopkinsville, left Sunday for Washington, D. C., to attend a meeting of the National Guard Association, which convenes in that city this week.

He was joined at Louisville by Cols. Biscoe Hindman, of the 1st Reg., who resides there, and Roger Williams, of the 2nd, Reg., Lexington. These three officers will be the only delegates of the Kentucky Infantry present at the meeting.

The principal object of the meeting is to urge upon the Congressional Committee on Military Affairs the necessity for an increase of \$1,000,000 in the annual appropriation made by Congress for the maintenance of the National Guard, of which the Kentucky State Guard is a part.

Senator Dick, of Ohio, is President of the Association and is also Chairman of the Committee having the matter in charge, and the Kentucky delegation, with other military men from the various states, will appear before the committee to urge the appro-

priation.

Sights-Potts.

The marriage of Mr. Wm. Sights and Miss Phoebe Potts was solemnized Sunday Jan. 21 at 10 o'clock a. m. at the residence of Elder W. H. Moore, who performed the ceremony. Only a few friends were present. Immediately after the ceremony, accompanied by Mrs. W. H. Kline and Miss Gertrude Mifflin, they drove to Earlinton, where they were entertained at dinner by Mrs. H. W. Rogers. The bride's father, Mr. Potts, of Dawson, met them here to extend the paternal blessing. Miss Potts was a resident of Dawson and for the past four years has been a very popular teacher in this county. Mr. Sights was raised at Nebo, but for several years has been connected with the L. & N. The Bee joins their many friends in best wishes for a long and prosperous life. They will make this place their future home.

**New Name for the "Interurban".**  
The latest name for the interurban, between Madisonville and Nortonville, is the "Interurbation Train". It has been called the "Merry-go-round", the "Boomerang," the "Molly," and the "Wiggletail," but "Interurbation", according to Yardmaster W. S. Bramwell, is the best name of all.

### KENTUCKY DIDN'T GET HER SHARE.

ONLY 620 Rural Free Delivery Routes in Operation at End of Fiscal Year in State.

Washington, Jan. 22.—Fourth Assistant Postmaster General DeGraw has given out some interesting data concerning the growth and extent of the rural free delivery service. It is shown among other things that Kentucky has not a fair share of routes, and that out of 82,121, which were in operation at the end of the fiscal year only 564 were in that State. This number has increased to 620, but the quota is still far below what it should be, Indiana, for example, has 2,985 routes, Ohio, 2,655 and Iowa 2,215.

From the reports of rural carriers, which have been compiled in the division of rural delivery, it is shown that more than one billion pieces of mail were handled by the carriers during the fiscal year ended June 30, 1905, or, to be more exact, 1,387,037,711. The total amount paid the 32,055 carriers in the service was \$20,293,590.91. Of this amount there was expended in the State of Nevada, with one carrier in the service, \$720, and in the State of Illinois

the services were held at the Church of Immaculate Conception, of which she had been a member for years, at 9 o'clock Saturday morning by Rev. O'Connor. Interment took place at Mt. Calvary cemetery.

**Record Breaking Warm Weather.**  
The record for warm weather in January in the central portion of the United States was broken Saturday and Sunday. At the sub-station of the Weather Bureau here the thermometer registered 67 degrees on Saturday, one of the warmest days Earlinton has experienced since the establishment of the service.

The air was balmy and the weather all day long was like that of spring. With the thermometer registering 31 degrees above normal, fires in residence were not needed and citizens, in some instances, were seen on the streets without coats. The minimum temperature for the day was 62 degrees.

On Sunday, the warmest January day ever recorded here, 74 degrees was the maximum temperature reached, and as a rain had fallen during the night and continued throughout the day the mercury dropped to 40 degrees before the day was over. Fires were lighted on this day only on account of the dampness prevailing. In conversation with several old residents of the country they stated that these two days were the warmest January weather this section has had in thirty years.

The maximum temperature of Jan. 20 last year was 17 above and on the 21st 28 degrees were registered. The 25th day of the month showed a drop in temperature to 4 degrees below zero, the coldest day of the winter.

The highest maximum temperature registered in the State outside of Earlinton, according to reports, was at Louisville, where 75 degrees were reported Sunday.

This warmth prevailed throughout this and adjoining States of the Ohio valley and Mississippi Valley. In Vermont a maximum of 65 degrees was reported Sunday and the butterflies were seen for the first time this year.

A succession of storms from the Northwest passed over the mid-West and each succeeding one drew the warm air from the Gulf toward the North and created a temperature of 40 degrees over this section, is the reason given for the unseasonable warmth.

Last Saturday and Sunday will be long remembered as the warmest days ever experienced here during the month of January for over a quarter of a century.

### Edipes in 1906.

There will be three eclipses of the sun this year, neither of them visible in the United States. An eclipse of the moon will be visible early on the morning of Feb. 9 from Boston to Chicago, and just before midnight, the 8th, from St. Louis to San Francisco.

### Fighting Joe" Wheeler III.

Brig. Gen. Joseph Wheeler, of the United States Army, retired, is ill at the home of his sister in Brooklyn. He is not thought to be in danger.

### FOUND DEAD.

Mrs. Mary Quinlin Dies Suddenly of Heart Disease Friday Morning.

Washington, Jan. 22.—Fourth Assistant Postmaster General DeGraw has given out some interesting data concerning the growth and extent of the rural free delivery service. It is shown among other things that Kentucky has not a fair share of routes, and that out of 82,121, which were in operation at the end of the fiscal year only 564 were in that State. This number has increased to 620, but the quota is still far below what it should be, Indiana, for example, has 2,985 routes, Ohio, 2,655 and Iowa 2,215.

Death resulted from heart failure somewhere between the hours of 3 and 5 o'clock. Mrs. Dan Donahue, her daughter-in-law, was in her room at 3 o'clock and inquired if she could do anything for her. In reply she said she was resting easy. When the room was entered at 5 o'clock she was discovered lifeless.

Mrs. Quinlin had been a resident of this place for about thirty years and leaves several children, among whom are Messrs. Dan Donahue and Ed Cloren and Mrs. E. Farnell and Mrs. Wm. Sheen, all of this city. All the children attended the funeral.

Services were held at the

Church of Immaculate Conception, of which she had been a member for years, at 9 o'clock Saturday morning by Rev.

O'Connor. Interment took place at Mt. Calvary cemetery.

**TILLMAN FORGOT RUGGED COURTESY.**

Pitchfork Tactics Brought Most Profound Rebuke.

### NOTES FROM NATIONAL CAPITAL.

Washington, Jan. 22.—Special Senator Tillman's sensational attack on President Roosevelt has been the principal subject of conversation here this week. There is a general feeling that the South Carolina Senator for once forgot the rugged courtesy which has marked the fiercest of his previous oratorical writings of the scourge on the Senate floor. The Tillman of Tuesday's outbreak was more like the "Pitchfork Ben" of old gubernatorial days than at any time in recent years. Astonishment was expressed in some quarters, notably the editorial columns of the Washington Post, that none of Mr. Roosevelt's friends in the Senate came to his defense. There were rumors to the effect that Senator Lodge was to come forward as the President's champion, but it was finally decided the better policy to take no action that would fan the flames of controversy. Consequently the Senate contented itself with tabling Mr. Tillman's resolution for an appropriation of \$60,000,000 for the improvement of the country's waterways and recommending that work be concentrated on the streams and ports of first importance and that less money be wasted on streams of no value to commerce. Under such a policy the Mississippi valley and its connections with the Lakes will probably come in for the greater share of attention. Emphasis was laid on the importance of waterways in regulating transportation rates.

Representative Prince of Illinois has obtained a favorable recommendation from the House Committee on Military Affairs for his bill appropriating \$300,000 to mark the graves of Confederate soldiers who died in Northern prisons and hospitals. There are 24,000 such graves. A similar bill, introduced by Senator Daniel and Hale during the course of his speech.

The pure food and ship subsidy bills have been engaging the Senate's attention in the absence of more momentous business. Senator Gallinger is trying to steer the subsidy measure through its various ways of Senate debate, while Senator Heuborn of Idaho is the foremost champion of the bill making more stringent the legal provisions against food adulteration. Many petitions favoring the Heuborn bill have been received.

It is being strongly supported in the Senate and is believed to have an excellent chance of enactment. The ship subsidy bill is in a different case. Senator Gallinger is making a manful fight for his pet measure, but the hostile current seems too strong to be overcome during the present session.

In the meantime the situation as regards the paramount issue of railroad rate regulation is becoming steadily clearer. The National Board of Trade, composed of the most influential of American commercial organizations, has been holding its annual convention in Washington and has adopted resolutions on the rate question, recommending that the power of passing on the reasonableness of a given rate shall be entrusted to the Federal court, complaint to be made by the Interstate Commerce Commission, and the Commission to substitute by order of the court a reasonable maximum rate for one found excessive by that body. The rate so fixed is to be subject to revision in the proper court upon proof that it is less than reasonable. These recommendations are practically identical with the provisions of the Elkins rate bill as amended and reintroduced by its author.

Hope that the House Committee on Interstate and Foreign Commerce would be able to report unanimously a rate bill has vanished. Irreconcilable differences have developed between the opinions of the major

ity and minority members, and Mr. Davey of Louisiana on Thursday introduced a bill embodying Democratic ideas on rate regulation. The Davey bill is not expected to win support from any except the most radical advocates of government rate control. It is criticized as being even more stringent in its provisions than any of the various preceding measures in that it gives the Interstate Commerce Commission power to fix an absolute instead of a maximum rate.

The Rivers and Harbors Committee has departed after fixing its temporary headquarters at Cincinnati, the home of Captain J. S. Ellison, secretary of the executive committee. Resolutions were passed urging Congress to appropriate \$60,000,000 for the improvement of the country's waterways and recommending that work be concentrated on the streams and ports of first importance and that less money be wasted on streams of no value to commerce. Under such a policy the Mississippi valley and its connections with the Lakes will probably come in for the greater share of attention. There are 24,000 such graves. A similar bill, introduced by Senator Foraker, recently passed by the Senate.

John Wesley Gaines of Tennessee has received what he considers the limit in requests from constituents. A letter came to him from a colored man who has become the proprietor of a farm with a pond on it. The letter said: "Please send me some government bull frogs, so as I kin put dem in my pond and raise a big sight of dem." Mr. Gaines is renowned for his faithfulness in attending to the wants of Sixth District voters whenever possible, but this time he is very nearly reduced to despair. The government does distribute fish eggs, but it has not yet embarked in the bull frog industry. The only way of escape for Mr. Gaines seems to lie in securing the passage of a bill establishing a government frog hatchery.

### Married at Nortonville.

The marriage of Miss Lucy Merrell and Archie Martin, both of near this place, occurred at Nortonville on Wednesday of last week. The young people went to that place in order to surprise their friends and were united in matrimony by Rev. J. H. Coleman at the parsonage. The many friends of the young couple extend best wishes.

### Saw Mill Burned.

Fire destroyed the saw mill owned by L. W. Schmetzter at Rose Creek crossing near Nebo Thursday night. The loss will amount to about \$1,000. The insurance carried on the property is unknown. Flames also ignited the slab pile adjoining but the lumber and other buildings near by were saved. The origin of the fire is not known.

The lady witness had become quite hysterical, her testimony, and her attorney had called her in a way that had made her mad. "Confine yourself to facts, madam," he said in conclusion. "Very well," she replied tartly. "You are no gentleman. How does that strike you?"

South Side Height Addition to the Town of Madisonville.  
"THE BEST TOWN ON EARTH."

**T**HIS addition is what is known as the RIGGIN FRUIT FARM located within forty feet of the city line; its will be inside of the city when the city limits are extended, which will likely be done in the near future. This addition contains 100 lots, one-half of which is covered with nice fruit trees in full bearing. This property is beautifully located, up high and dry and overlooking the city and the Royal mines, and is as healthful a location as there is to be found.

A NICE two-story house with basement, built by Wm. Riggin, is the capital prize in this addition. This house would cost at least \$1,500 to build. The second prize is a small cottage of three rooms which is now rented for \$6 per month.

**T**HESSE lots are being sold for \$75 per lot. Terms \$12.50 cash, \$25 March 1st, 1906, and the remainder, \$37.50, to be paid in 6 months after the date and upon the receipt of a deed to said lot, with interest.

**Position to be Drawn for, and the Drawing to be Controlled by the Purchasers of Lots.**

We have sold 65 lots, leaving only 35 to be sold. This is an opportunity of a lifetime, no chance to lose as every lot in this addition is worth the money, and many of them worth twice the price, and some one will draw a house and lot worth at least \$1,500 for \$75. When the L. & N. Railroad Inaugurated the interurban train between Nortonville and Madisonville it meant big results for Madisonville. Just so with our BIG INTERURBAN SALE now in progress.

It means big results to the people along the line and all over the county. This is the season for odd lots and remnants, but clean cut values will be the predominant feature of this sale. We propose that Madisonville's Greatest Store shall ever be abreast of the times and stand as a safeguard to the people of Hopkins county against high prices and shoddy merchandise.

## Clothing

A very late shipment of fall clothing which we refused to accept until a reduction was granted us, puts us in a position to offer fresh, High Grade Men's Suits in beautiful new Gray and Dark Fancy Worsted at

**\$10 and \$12.50 a Suit.**

## ST. CHARLES ITEMS.

Dr. R. H. Perry, of Dawson, was a business caller here last week.

Brick Southworth, of Earlington, spent Friday with relatives here.

John Blane, of Daniel Boone, was calling on one of our fair sex here Sunday.

Miss Lynna Galloway, who is attending school in Madisonville, and her sister, Mrs. Benj. Plaine, spent Saturday and Sunday with their mother, Mrs. W. R. Raymer.

Mr. and Mrs. T. R. Finley, the guests of Dr. and Mrs. W. K. Nisbet.

B. Hibbs, of Madisonville, was circulating among friends here last week.

Mrs. Lillie Bramwell and little daughter, of Providence, were the guests of the former's sister, Mrs. Geo. King, last week.

Mrs. Susie Johnson, who has been very ill, is now convalescent.

Mrs. Henry Faull is very ill at this writing.

Mr. and Mrs. Joe Teague spent last week in Morton's Gap, the guest of relatives.

Misses Nora Faull and Audrey Cobb were in Nortonville Monday.

Mrs. H. J. Brown entertained a number of her young friends at the home of her mother, Mrs. Chas. Griswold, on last Thursday evening.

Music and dancing were the main features of the evening. Delightful refreshments were served and at a late hour the guests departed, thanking their hostess for the pleasant evening.

Miss Maude Finley, who has been visiting in Morton's Gap and Crofton, returned home last week.

## "The Holy City."

Announcement of a performance of "The Holy City" interests theatre goers to an uncommon degree. The great Biblical drama and the sumptuous production given it, the strength of the acting company, the music and grand spectacle with which the play abounds, furnishes dramatic satisfaction and scenic pleasure so complete and grateful that Managers Gordon & Bennett's enterprise is a leading feature in all columns containing theatrical news. Seldom has a play been so immediately noted, because seldom has any one play so many points of value. The theatre goers who appreciate entertainment in the proportion given for following thought, will, in the thrillingly told story of the Apostle John, find reflection, dramatic study and future enjoyment really compelling. The stage is magnificently dressed with brilliant spectacle and wonderful stage effects, has his wish gratified by lavish preparation and almost unprecedented execution. In his application for a performance of "The Holy City" Manager McGarry sought the most important theatrical offering of this season. Temple Theatre, Monday night, Jan. 29.

## VALUABLE INFORMATION

Each man has a chance in a lifetime to reach the point of success and to open opportunities offered in Missouri, Arkansas and Louisiana, the three great agricultural and timber states, traversed by the Iron Mountain Route, where land can be purchased at from \$3.50 to \$20.00 per acre, that is, paying from \$1.00 to \$6.00 per acre each year in cotton, corn, hay, sugar cane, fruit and vegetables. The returns from alfalfa growing in this district have proven a record breaker—six crops each year or six tons per acre at \$15.00 per ton or more, making \$90.00 per acre. All that is necessary is for the housekeeper or investor to look over the situation personally, as the country speaks for itself, and on the first and third Tuesday of each month, tickets are offered at a fare plus \$2.00 for the round trip. Four daily trains from St. Louis. For reciting train cars.

An advertisement in THE BEE is an expense but an investment that will pay you from twenty to fifty percent. That's why we say "It pays to advertise in The Earlington Bee."

## NEBO NOTES.

Mr. J. T. Ezell and little son, Charles, were the guests of Mr. A. M. Campbell several days last week.

Parne Price, of Webster county, has moved to Madisonville, where he will make his future home. We are glad to have Parne and his family citizens of our county.

Our skating rink still prospers under the management of J. D. Hartman & Co.

The barber shop here has changed hands. H. R. Tilford, the tonsorial artist, has sold out to Wm. Day so he could give his entire time to the duties of manager of the telephone at this place. Miss Bessie Tilford will be the "hello" girl.

We are losing one of our best citizens, Rev. J. D. Durham and family are moving to Hamby station to make their future home. We will miss the parson greatly on our streets, but our loss is Hamby's gain.

T. B. Bone, better known as "Panson," a celebrated pill maker of Madisonville, was here last week on a visit.

Mr. Ferguson made a flying trip to Louisville last week.

Judge Sights has abandoned the bench and from present indications is farming. He was seen making plant beds this week.

Some of the boys that attend the rink had better be a little more careful or boys you'll bear something drop one of these nights.

Lee Schmetzner's saw mill, near Lee, was destroyed by fire last night. He is moving in another mill and will soon have things running as usual.

The Nebo Mining & Improvement Co., is prospecting with a diamond drill for their latest purchase. They are looking for coal and other minerals.

W. O. Smith visited friends in the country several days this week.

Jessie Burton, of the Corinth neighborhood, returned Monday from a several days' visit to Earlington.

Mr. Ferguson has a crew of men at work changing what used to be known as the Shells Hall to an office building.

Mr. Leila Langley and two little children left Monday to join her husband, Gus Langley, who has been at Jonesboro, Ark., for sometime.

They go that place to make their future home. Mr. Langley is in the lumber business. We wish them success.

Dick Avery was going up the river Saturday night to call on his best girl. He was riding horseback when in a marshy place in the road his horse missed his footing and fell. He fell one of Dick's feet, and the boys say Dick can grumble until anybody they ever saw. Dick says he scraped the mud out of his eyes and went on to see his girl anyway, leaving his hat at the gate. More careful next time, Dick.

Will Sights took his many friends here by surprise by bring home last Monday his new bride. He was married Sunday at the residence of Rev. Henry Moore, near Earlington. Will formerly lived here with his father, Judge Scott, but for sometime has been a brakeman out of town.

Earlington. He married Miss Phoebe Potts, of Dawson. Mrs. Sights is well known here. She used to be a pupil here in Prof. W. B. Davis' school. The bride is a handsome and accomplished young lady. The groom is an industrious young man and has many friends here who wish him success in life.

Will Sights took his many friends here by surprise by bring home last Monday his new bride. He was married Sunday at the residence of Rev. Henry Moore, near Earlington. Will formerly lived here with his father, Judge Scott, but for sometime has been a brakeman out of town.

Earlington. He married Miss Phoebe Potts, of Dawson. Mrs. Sights is well known here. She used to be a pupil here in Prof. W. B. Davis' school. The bride is a handsome and accomplished young lady. The groom is an industrious young man and has many friends here who wish him success in life.

Mr. Avery was going up the river Saturday night to call on his best girl. He was riding horseback when in a marshy place in the road his horse missed his footing and fell. He fell one of Dick's feet, and the boys say Dick can grumble until anybody they ever saw. Dick says he scraped the mud out of his eyes and went on to see his girl anyway, leaving his hat at the gate. More careful next time, Dick.

## Nature's Great Invention

On de banks ob de Amazon, far away, far away,  
When Dr. Green gits August Flowers to dis day,  
Ah! I'm an old man but I sing like I never sung.  
An' side I see a Yankee, ah long to be dar still.

**August Flower** is the only medicine (free from alcoholic stimulants) that has been found to be a specific for the cure of thirty-two feet of digestive apparatus in a normal condition, and assisting nature's processes of digestion, separation of absorption—toning and strengthening the processes of assimilation, assimilating all normal and unnatural causes which interrupt healthy and perfect natural processes and result in intestinal indigestion, catarrhal affections (cold, appendicitis, constipation of the gall duct), fermentation of unhealthy foods, nervous dyspepsia, headache, constipation, and other complaints such as colic, biliousness, jaundice, etc.

"August Flower is nature's intended regulator. Two sizes, 25c, 75c. All druggists.

## Pleasant and Most Effective.

T. J. Chambers, Ed., Vindicator, Liberty, Texas, writes Dec. 25, 1902: "I am pleased to inform you that by your kind testimony to the corrective power of Ballard's Honey and Tar I have used it in my family and can cheerfully affirm it is the most effective and reliable remedy for coughs and colds I have ever used. Sold by St. Bernard Drug Store.

We have the richest language that ever a people has adopted, and we use it well. It were a poorest, we have an up-to-date word with a word between the boards of dictionaries and in speech does out the worn bridle of our vocabulary. We are the misers of philological history, and when we can save our pennies and pass the counterfeit coin of slang we are as happy as if we had heard a blind beggar thank us for putting a pewter sixpence into his hat.—Morals of Marcus Ordwaye."

## Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious diseases. Dr. King's Honey and Tar Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of the bowels. Commence taking it today and you will feel better at once. Dr. King's Laxative Fruit Syrup does not nauseate or gripes and is very pleasant to the taste.

The last report of the Librarian of Congress shows the number of books in the Congressional Library to be 1,300,000. The increase in their number is so rapid that it is expected that in the course of time the Congressional Library will be the largest in the world. Before the extension of the Congressional Library to its present dimensions the Paris National Library, with 2,000,000 books, stood first. The library of the British Museum and the St. Petersburg Imperial Library followed, each containing about 1,800,000 volumes.

Indigestion is easily overcome by the use of Kodel Digestive Cure, because this remedy digests what eat and gives the stomach a rest—allows it to recuperate and grow strong again. Kodel is a safe, digesting, Belching of Gas, Sour Stomach, Heart-Burn, etc., and enables the digestive organs to transform the foods into the kind of rich red blood that makes health and strength.

At last the long looked for and difficult Northwest Passage has been found. Since 1497, when John Cabot is said to have tried to pass through the Arctic ocean from the Atlantic to the Pacific, there have been many unavailing efforts to discover the Northwest Passage, and hundreds of men have perished in the attempt. But at last this passage has been successfully navigated, the honor of doing it having lately been won by Capt. Roald Amundsen, of Christians, Norway.

## Kentuckians Honor Foster's Memory.

The second day of "Home Coming Week" for the Kentuckians in Louisville June 18 to 17 will be known as Foster Day, when a statue of the author of "My Old Kentucky Home" will be unveiled. The money to pay for this statue is being contributed by the school children of Kentucky. The children of the Louisville public schools have already contributed several hundred dollars. Prof. Jas. H. Fuqua, Sr., State Superintendent of Public Instruction, has issued a letter to all city and county superintendents urging them to urge the teachers in jurisdiction to explain the plan to their pupils and take up the plan. If every school in the State will raise only a few dollars there will be enough money on hand to pay for the statue, which will cost about \$6,000.

## Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with fat, the bowels are constipated and the bowels constipated. Herbs will rectify this; it gives tone and strength to the liver, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle.

Sold by St. Bernard Drug Store.

In the Journal of Political Economy for the last quarter Prof. Hugo Meyer, of the Chicago University, discusses at length municipal ownership of electric light and power. You have testimony to the corrective power of Ballard's Honey and Tar. I have used it in my family and can cheerfully affirm it is the most effective and reliable remedy for coughs and colds I have ever used. Sold by St. Bernard Drug Store.

A Danish officer is pictured to us making observations in regard to the deviation of rifle butles. One day, when walking on the ramparts at Duppel, he saw a Prussian sharpshooter taking aim at him. While the sharpshooter aimed himself against a wall, in order to take a better aim, the officer raised his glass to watch his movements. "This is all right," said he, "the musket is just on a line with my breast. We shall see." The trigger was pulled, and the Danish officer quickly wrote down: "At a distance of about 500 yards the deviation of a ball from a rifle musket is about one meter."

## How to Ayein Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It has only stopped the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitution offered. P. O. Box 122, Dearborn, Mich.

Henry writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case."

Sold by John X. Taylor, Druggist.

The season's hit is "My Uncle from Japan."

Robt. Davis has about completed a large henry for Thos. N. Black, on the Coenon hill.

A neat cottage is going up on the site of the old structure so long occupied by Ike Gookey on Railroad St.

Victoria Lodge meets every Monday night. All members and visiting knights are cordially invited to attend.

The first successful home talent ever attempted in Earlinton is "My Uncle from Japan."

June Peyton has joined the carpenter crew under Foreman Toombs and is now a full fledged member in good standing.

Carlos, the infant son of Henry Byrum, was pretty badly burned by picking on a hot stove lid which was accidentally placed near him Tuesday morning.

LOST—One pair gold rimmed spectacles. A reward of one dollar will be paid if brought to this office in good condition.

Earlinton's greatest success in home talent, "My Uncle from Japan."

Miss Laura Woodruff, of St. Charles, is here learning the telephone board, to take charge of the St. Charles exchange when installed.

Gilbert King, who was formerly clerk in the St. Bernard drug store here, but who recently left for Los Angeles, Cal., writes a friend that he is getting along nicely and his health is improving. His Earlinton friends are delighted to know this.

## Jennings-Barnett.

Miss Charlie Jennings and Mr. Arthur Barnett are to be married tonight at the residence of the bride's father. Miss Jennings is a very popular young lady and has quite a number of friends here. Mr. Barnett is a son of City Marshal Jno. Barnett and is an industrious young man. The many friends of this young couple wish them well.

WINTER TORNADO  
AT SHREVEPORT

A HEAVY SNOW STORM RAGED IN TEXAS, AND CATTLE ARE PERISHING.

The Spring-Like Weather in the West Followed by an Extensive Storm of Rain, Sleet, Snow and Cold. That Caused Suffering and Inconvenience.

Dallas, Tex., Jan. 22.—A cyclone swept over northwestern Louisiana, near Shreveport, La., late Sunday. One white woman, whose name has not been learned, was killed and much property destroyed.

The path of the cyclone, 200 yards wide, ran through the northern part of Caddo parish, two miles north of Shreveport. Many dwelling-houses and barns were destroyed.

A man who reached Shreveport from Mira, near Houston, reported great havoc in the wake of the cyclone and stated that many houses were scattered.

Snow Drifts Three Feet Deep.

Houston, Tex., Jan. 22.—A heavy snowstorm is raging over north Texas. Snow drifts in the Indian territory are several feet deep. The drop of 50 degrees in temperature has caused a complete stoppage of all traffic.

Paris, Tex., Jan. 22.—A foot of snow covers over north Texas, with more falling. The drifts are three feet deep in all places and street cars remained in the snow.

Chicago, Jan. 22.—Chicago was cut off from the news of the world by a snow storm, which has prostrated wires in every direction. Business was greatly hampered by the stalling of street car lines all over the city. Hundreds of thousands of people were rendered helpless by the tie-up of the traction service. A single wire to Milwaukee was the only one working out of the barns.

Cloudburst at Huntsville, Ala.

Huntsville, Ala., Jan. 22.—A cloud burst occurred here Monday morning.

Parts of the city were compelled to leave their homes. The railroad depots were flooded and electric railroad traffic is entirely suspended. Wind and rain crippled the telegraph service.

Hit By a Blizzard.

Kansas City, Mo., Jan. 22.—According to reports received here from all the Mississ., Kansas, Iowa and Indian territory, severe weather, consisting of an uninterrupted precipitation of rain, sleet and snow, coupled with a fall in temperature of 60 degrees, has covered the country with a mantle of ice, handicapping business and making travel difficult.

Winter Drove Out Spring.

St. Louis, Jan. 22.—The spring weather of Saturday and Sunday forenoon, when the thermometer reached 72, was followed by rain, sleet and snow, and a drop of 60 degrees. Sunday night was the worst storm of the season, and Monday morning found in any direction from St. Louis, Monday morning found the city practically isolated from the world. Telegraph and telephone lines were down, and it was noon before the semblance of order was secured from the cities of St. Louis and the ground.

Wind and rain and sleet grounded the city, and all travel was suspended.

## LOCOMOTIVE BLASTS

It is said that the L. & N. Railroad Company will probably triple track that part of its line between Corbin and Livingston, on account of increase in traffic. A second track is now being laid and it is thought that these two tracks will be inadequate.

Engineer Pete Herb has been transferred from road service to the construction train at Cedar Hill, Tenn.

A crew of men began work last week on the depot of the Kentucky Valley Railroad at Providence. The structure will be 130 feet long and 40 feet in width, two stories high.

Chairman McCord and Commissioner Mc D. Ferguson, of the Railroad Commission, after hearing the evidence submitted at Clay, Webster county, last week, in regard as to whether the Morganfield & Atlanta, railroad should cross the tracks of Illinois Central R. R. at the grade or establish an overhead crossing at that place, decided in favor of a grade crossing.

The boys on the Henderson division are kept busy these days owing to the heavy traffic. On Friday night 40 trains southbound and 38 northbound registered at the station here, making a total of 79 trains in 24 hours' time and established a new record on the division. Business is still good and the rush will last sometime yet.

Engineer Pete Herb spent Sunday with his family here.

Timekeeper David Cowell went to Nortonville Sunday on business.

Engineer Alphonse Coenen has been on the interurban train ever days during the absence of Engineer Whalen.

Conductor and Mrs. Sam—Ingram, of Hopkinsville, visited friends here Saturday and Sunday.

The Kentucky Valley Railroad, running between Providence and Wheatcroft, has just been completed and will be open to traffic in a short time. The road makes connection with the Louisville & Nashville railroad at Providence and with the Illinois Central at Wheatcroft. The road was built for the purpose of opening the coal lands between those places. It was financed by Irving E. Wheatcroft, who is the president.

Claire Ray, a negro brakeman, was killed at Dawson Friday by falling under the wheels of an Illinois Central train. Both arms and both legs were severed from the body. He lived in Henderson.

Cleveland Ligon, of Sebree, who has been in school at Lexington for several months, has returned home and accepted a position in the L. & N. depot at that place.

The engine of the southbound local freight was derailed at Morton's Gap Monday night, causing several hours delay to trains. Little damage was done to equipment. Conductor Ernest Eastwood was in charge when the accident happened.

Copyst E. B. Padgett, of Hopkinsville, has accepted a position as dispatcher with the Big Four of Mt. Carmel, Ill.

Conductor Frank Roussey is running Conductor Sam Morgan's car on the south end this week while he is off duty.

While switching cars on the Hecla mine track, in the north end of the yard Monday, the engine of the work train was derailed. High water had loosened

the roadbed and when the engine backed on the track the rails spread derailing the tender and careening the engine. The wreck was cleared up in thirty minutes.

## A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: 'I have been afflicted with kidney and bladder trouble for years, passing urine with difficulty and stone, with extreme pain. I got no relief from medicine until I began taking Foley's Kidney Cure. That the result was surprising few days after starting the medicine, the pain disappeared, the urine just like fine stones and now I have feel like a new man. It has done me \$100 worth of good.'

## OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When a man falls ill through druggists for family use, takes his patient fully into his confidence by giving him a prescription, which is cast as well as on its bottle wrappers, a full list of all ingredients in plain English, the action on his part is the best possible evidence that he is not afraid to have his patient take it. It is a good idea to fill upon his formula and that it will bear the fullest scrutiny of any physician. Dr. Price's Favorite Prescription for the cure of the weakness, periodical pains, &c., is the only one that can be said to be distinctly feminine, it is the only medicine put up for sale through druggists for women. Dr. Price's prescription is not afraid to take his patient into his full confidence by such open and frank disclosure.

A glance at the published ingredients on each bottle wrapper will show that it is a prescription from a famous American medical root, that it contains no poisons or no alcohol—truly refined instead of of proper strength being used. It is a safe, effective, non-poisonous, and serves a valuable purpose by possessing intrinsic value all its own, the taste is delicious, and the effect of the other ingredients entering into the famous prescription are well known to all medical writers and teachers endorse these views and praise the prescription.

Dr. Price's Prescription is composed—recommending them for the cure of the following diseases: Rheumatism, Neuralgia, Sciatica, &c., &c. Family medicine is advised. No other medicine for women has any such good record.

If interested, send name and address to Dr. Price, Evansville, Ind. A copy of the book of extracts from well known medical writers and teachers is sent with the prescription, telling just what Dr. Price's medicine are made of. It's free for the asking.

## NORTONVILLE ITEMS.

The severe storm that swept over our country last Monday evening did much damage to a number of houses and fences.

Mr. Dick Brown and family while returning home from a visit near Earlington Monday eve., were caught in a storm and Mr. Brown's team became frightened and tried to run away. He unhitched them from the wagon just in time to escape a falling tree. The tree fell on the wagon tongue and broke it.

Mr. Foppa was very badly injured in the mines one day last week.

Mrs. Cynthia Price, of Red Hill, who has been visiting in this vicinity for the past few months returned home Saturday accompanied by her sons, Otho and Clarence Price, and wives.

C. B. McIntosh, of Mannington, visited his sister, Mrs. Lee Price, Wednesday.

Mr. Joe Tucker visited her daughter at Earlington a few days last week.

Messrs. Willie Lyells and Waller Hamby made a business trip to Madisonville one day last week.

Mrs. O. W. Price and Lee Price spent Thursday in Crofton.

The postoffice at this place has changed, Jno. Williams is postmaster now.

Henry Pendley has rented his farm and is going to work with Robt. Clark this year.

M. C. Price is on the sick list.

Mr. Chett Brashears has moved from this place to a farm near here, where he will make a crop.

Little Miss Georgia Hamby spent the latter part of last week visiting her aunt, Darkins Baker.

Messrs. F. and Neal Hamby made a business trip to Madisonville recently.

Waller Marsh moved his family here Wednesday to make their future home.

Debbie Price, of Red Hill, visited C. R. Price Saturday.

Richard Baker is erecting a new dwelling at this place and contemplating moving here this winter.

## TWO-WEEKS "QUICK WORK" SALE.

*The Most Remarkable of January Sales*  
*Ever Conducted by this Store or in this Community.*

Reduction sales of one sort or another are usual at this season of the year. It is to be expected that merchants will use every legitimate means to reduce their stocks, to turn their merchandise into money, and to avoid the penalties and losses of carrying goods over from one season to another.

Cut prices, special sales, and discounts from regular values, abound on all sides; but lest you conclude that this is the ordinary January Clearance—a mere means of unloading suits and overcoats, getting our money back, or making ourselves whole on the investment, we wish to set out clearly the distinguishing features of this Two Weeks Campaign.

### We Have Made the Prices so Low, Reductions so Sharp and Decisive

as to leave no question in the mind of anyone who calls here that this is an occasion unlike anything he has seen or known heretofore. There can be no doubt that we mean business, that we are determined to clear this store of Winter Wearables regardless of first cost of the goods or their actual worth in the market at this time.

First of all we believe strong inducements are necessary to stir people into activity and make this sale a sensational success. We believe that those who have thus far gone without something they would like to have are entitled to a bargain. Where conditions of economy or uses for the money in other directions have prevented a man's buying a needed article, we believe we shall have to remove the original difficulty—that of price—if we are to serve him now.

Again, we shall not be content with selling only those who have postponed their buying—there are not enough of them. We have got to make the figures so low, make the values so imperative, that those who have already supplied themselves early in the season will be forced to add to their purchases and lay in an extra outfit. Forc'd, we say, because they can't afford to let the chance slip—compelled by the sheer strength of the values and the knowledge that they can't hope to have such an opportunity again.

**Sale Begins Saturday Morning, January 27, 1906,**

and will Continue until our Closiug Hour Saturday Evening, February 10th, 1906.

**PLEASE READ VERY CAREFULLY PRICES NAMED BELOW:**
